

SCHOOL ASSOCIATE SUPERINTENDENTS

SELECTION PROCESS AND TENTATIVE TIMELINE

With the adoption of regulation to Nevada Administrative Code 388G (NAC 388G) in alignment with the Plan to Reorganize the Clark County School District under the 2015 Nevada Assembly Bill 394 (AB394), a new position, *School Associate Superintendent*, will be created to supervise schools. Their role will be to provide support, supervision, coaching, and mentoring to a portfolio of up to 25 schools. They will be responsible for the performance of each school they oversee. School Associate Superintendents will review and approve the plan of operation for each school and support the plan implementation.

TENTATIVE TIMELINE

With the District's transition toward full implementation of AB394 for the 2017-2018 school year, School Associate Superintendents will need to be in place for the school plan development cycle which begins in January, 2017. Please see the timeline below for the selection of School Associate Superintendents to meet this need. This selection process is aligned with the requirements specified by NAC 388G.

| Projected Date(s) | Action Step |
|---|---|
| Wednesday, September 21, 2016 | Vacancies for School Associate Superintendent positions posted. |
| 12:00 PM Wednesday, October 5, 2016 | Applications close for School Associate Superintendent positions. |
